September 15, 2025

The Zippo Classic Collection offers a comprehensive range of windproof lighters, accessories, and hand warmers. Each product is built to Zippo's exacting standards with lifetime guarantees and Made-in-USA quality.

- **Windproof Lighters** – Iconic metal lighters with lifetime guarantee and windproof design.
 - **Classic Brushed Chrome** – Timeless design with brushed chrome finish that resists fingerprints and scratches. Features brass construction with chrome plating and standard wick-and-flint ignition.
 - **Classic Street Chrome™** – Distressed finish that develops character over time. Each case develops a unique patina while maintaining full Zippo reliability. Perfect for collectors seeking a vintage, lived-in aesthetic.
 - **Armor® High Polish Chrome** – Heavier-duty case with 1.5 times thick walls for enhanced durability. Ideal for users seeking a robust, long-lasting lighter.
- **Fuel** – High-quality lighter fluids and fuel canisters for optimal performance.
 - **Lighter Fuel** – Low-odor, high-purity naphtha-based fluid for Zippo lighters. Provides consistent, clean-burning performance and extends wick life. Store in cool, ventilated areas away from heat sources.
 - **Fuel Canister** – Sealed canisters for Zippo hand warmers and compatible devices. Convenient single or multi-use options with leak-resistant packaging. Use only for intended devices and dispose responsibly.
- **Inserts** – Interchangeable modules for specialized applications and easy maintenance.
 - **Standard Wick/Flint Insert** – Original insert assembly with wick, chimney, cotton packing, and flint tube. Easy one-handed replacement restores optimal flame height and reliability. Keep spare flints and wicks on hand.
 - **Pipe Insert** – Specialized low-flame insert for pipe smokers. Features narrower chimney and modified wick arrangement for controlled, directed flame. Reversible installation with cooler case temperatures and improved fuel economy.
- **Pouches & Displays** – Protective storage solutions for safe transport and display.
 - **Tactical Pouch** – Heavy-duty Made-in-USA protective pouch with abrasion-resistant fabric and reinforced seams. Belt or pack mounting with secure closure. Includes space for spare flints and maintenance tools.
- **Zippo Flasks** – Durable stainless steel flasks for carrying spirits.
 - **3 oz Stainless Steel Flask** – Sleek, compact design with brushed stainless steel finish. Leak-proof screw cap and contoured shape for comfortable carry. Ideal for outdoor adventures and social events.
- **Hand Warmers** – Refillable portable heating solutions for outdoor activities.
 - **6H/12H-Refillable** – Compact hand warmer providing consistent heat. Includes replaceable burner and protective pouch. Ideal for day trips and outdoor events.
 - **Replacement Burner** – Service part for regular hand warmer maintenance. Replaces fuel delivery and ignition components.
